STATINTL

STATINTL

advised me today that they receive copies of both the sanitized and unsanitized versions of the CINS via Air Force Intelligence, Headquarters, and desire to receive them that way in the future. The sanitized copy is usually delayed one to three weeks and he would appreciate anything we can do to cut down on the delay.

STATINTL

has agreed to send the "sanitized marked" copy to AFCIN Headquarters each Friday shortly after the regular distribution. The copy will have an "K" in red pencil on the cover sheet in addition to the red pencilled deletions.

3. Major Childs, AFCIN, has agreed to arrange for the immediate forwarding of such copies thru regular channels
